§25–401.

(a) (1) The board of directors of the watershed association shall develop a work plan for the watershed or subwatershed area.

(2) The watershed work plan may include:

(i) watershed protection;

(ii) flood prevention;

(iii) recreation;

(iv) soil conservation;

(v) drainage; and

(vi) the conservation, development, storage, use, and disposal of water for any beneficial purpose.

(b) In developing the watershed work plan, the board of directors:

(1) shall engage the services of private engineers; or

(2) may use the services of planners and engineers of local, State, and federal units of government.

(c) A member or an agent of the board of directors:

(1) may enter the land to make surveys and examinations for developing a watershed work plan; and

(2) is liable for actual damage done to any land entered during a survey or examination.
